"Maw" - Mrs. Roth.

To my favorite teacher in the school. You have really helped me in typing. Even though I looked at my keys I still learned a lot. We did have a good time in home room this year. Im glad you let me come up to typing those extra periods in the day. Mrs. Roth, I will really miss you and our typing class. I will be in sometimes next year to see how things are doing. May God bless.

With love,

A.

Mom,

To a real neat teacher in the school. I didn't think I was going to make it in typing class but it turned out alright. I'll miss you and miss our great typing class. I'll probably be in sometime next year. Good luck with next years typing II class.

"MAW"

To the best homeroom teacher I have had in All my twelve years of school. I really had A lot of fun being in your homeroom even though I hated Activety Period because I was forced to be quiet for 46 minuetes. I even enjoyed your study hall, even though it seemed I was At the top of your bad list. But the thing I'll miss most is not putting up the sports page every morning. You have really made my Senior year fun. Good luck in the future.

Maw.

To one of my favorite teacher, who taught me how to type. We had a lot of fun and good times, and its too bad it has to end, but life must go on. I like to thank you and wish you the best of luck. Your friend,

"Rosie"

Mrs. Roth,

I don't know how a person goes about saying thank-you to someone who has been a special person to them. All the time you took with me, and even with my scholarship letter, says you care. I guess the only way to thank you is to let you know I feel the same.

Love,
Mary.

Mrs. Roth

To a very nice teacher I have enjoyed being in your classes I have had alot of fun thank you for everything.

Mrs. Roth,

Many, many thanks for all the help you have been to me this year. I'm really grateful for the help you gave me in rewriting things and retyping things and answering all my silly questions. If I need any help you can be sure I'll be back!! Thank you for caring about the way I turned out. I owe my getting the commercial award to you for your help, understanding, and patience.

Love,
Sara

Mrs. Roth,

I don't know how you put up with Sara and I this year! You were really great to me and I want to thank you very much for being the best teacher around. Thanks for everything. It was a pleasure being one of "your" girls.

Love,
Anita

"What This Year Has Meant To Us"

If we consider each day separately, we may find it difficult to recognize any major accomplishments or experiences during that certain day. But if we were to reminisce on the school year of 1972-73, we are likely to individually remember those days, or possibly even moments, whose imprint is now impressed upon our memory. These are experiences of our Senior year shared, at times, by all of us, and at times, only by each of us personally . . . experiences only we are aware of . . . experiences which have made this year a very special time in our lives; a time to grow.

September 6th became the beginning of many lasts for our Senior Class. Every activity, whether it was athletic or social, was made a little more special by our realizing that it would be the final time we would experience each of these things as high school students.

Perhaps one of the most memorable times we will keep of our Senior year is Senior Night, held November 2, at our last football game of the season. The Senior football athletes recognized at this game were: Larry Ashbaugh, Dan Clawson, Rodney Clawson, Jim Craft, Dale Groom, Ken Hall, Jeff Jones, Jerry Kelly, Terry McKnight, Randy Shearer, Joe Vatter, and Garry Wylie. Tears covered the faces of Senior cheerleaders and majorettes as they were presented with flowers and charms by those with whom they had worked during the season, and all Senior football fans seemed to be growing more aware that the year was passing swiftly.

Homecoming '72 saw June Cyphert, Joyce Jones, Denise Lesondak, Joyce Little, and Cheryl Machak candidates for the title of Queen. Joyce Jones, shaking and thrilled at the excitement of it all, was crowned the 1972 Homecoming Queen during the halftime ceremonies.

On October 30th, we sponsored the Senior Halloween Dance, "Memories of '73", and shortly afterward, we ordered graduation announcements, chosen by our elected class officers: Terry McKnight, president, Rodney Clawson, vice-presidnet, Rosella Cassiere, secretary, and Denise Lesondak, treasurer. A Senior Class vote resulted in our class being represented by the white rose, the song, "Imagine", the colors, purple and silver, and the motto, "With eagerness we shall pursue, the dawning of our tomorrow". It was at this time that we also elected Joyce Little to be the D.A.R. award recipient.

The Girls' Basketball team finished their 1972 season with an improved record of 7-7. The Senior players, June Cyphert, Debbie Bendis, Cheryl Machak, and Sara Thompson, along with the other team members can take pride in helping to renew much enthusiasm in Saltsburg for Girls' Basketball.

The winter sports of basketball and wrestling found athletes, cheerleaders, and sports' fans attending events nearly four times weekly. The Senior hoopsters, Rod Clawson, Bob Johns, Jim Craft, Richard Keltz, Ken Hall, and Bill Rosenberger charged to victory during their final game of the season with Leechburg. This year's basketball team placed second in the Christmas Tournaments, and were presented with a basketball award following the Saturday night game.

Following the last home wrestling match of the season, the cheerleaders held a luncheon to celebrate our Trojan victories. Seniors, Brady Duncan, Jeff Jones, Jerry Kelly, Allen Klingensmith, Terry McKnight, and Don Michelotti wrestled their final match on February 23 with Highlands. The Trojan wrestlers' fine performance this year was recognized by the County, who awarded this year's team with the Appalacian Conference trophy.

We Seniors attended our last Sweater Hop on February 22, with the theme being' "A Song For You". The Senior Court members including Janice Corridoni, Mary Kotts, Vivian McCreary, Beverly Roman, Lana Urban, James Craft, Brady Duncan, Ken Hall, Jeff Jones, and Terry McKnight were presented with white carnations by the Freshman Class prior to the grand march. The coronation saw Mary Kotts crowned Queen, and Terry McKnight, King. And so another night of memories passed on for the Seniors.

"Tara", the Junior Prom, arrived sooner than anyone anticipated, yet it proved to be a beautiful memory of a last high school formal for those Seniors who attended. The curtain call on our Saturday night performance of "Hello, Dolly!" proved to be one of tears; sadness that it was all over . . . a sense of pride in an outstanding accomplishment. For many Seniors involved in the show, there will be experiences to remember.

Graduation night, 1973, will be upon us in just a few days. Remembrances of our Senior year will not be the only things our minds will wander to that night. We are confident that "MacArthur Park" has been impressed upon our memory too deeply to ever be forgotten; a time of third floor open windows on hot muggy nights . . . green icing floating down . . . and tears of a friend . . . experiences with personal meanings meant for only us to understand.

And our minds most likely will wander back to the days of skinny legs and bony elbows, first crushes and lonely nights of tears when you didn't have one. Sorting these experiences out in our mind will bring us to utter amazement, because in the midst of tears and tightly tense moments has been a most beautiful time in which we have allowed ourselves to grow up. And even though we shall never feel with quite the same emotions as we have in high school, nor cry with the same tears, nor skip study halls or decorate for proms with the same enthusiasm as we have done these past years, we will always carry with us a memory of the years, days, and possibly even moments which have made our teenage years a time of happiness; a time to remember.

The Seventh and Eighth grades, Freshman, Sophomore and Junior classes comprise the underclassmen of our high school. Further sectioned into Junior and Senior High, each has his opportunity to participate in various organizations. Just as the Senior High is involved in organizations not open to seventh and eighth graders, so has the Junior High initiated activities excluding Senior High membership. In this way, the Junior High students have open to them extra-curricular activity which they realize will grow as they become older.

During the course of one school year, the new seventh grader grows into an experienced high schooler; the eighth grader prepares himself for the activities of a Senior High School member, while the Freshmen and Sophomores recognize even more the obligations and responsibilities of leadership and student involvement. For the Junior Class member, the duration of a school year enfolds preparations for the final year, in the hopes of a successful future after graduation.

Each underclassman, through the course of a year's study and school activity, grows a little more aware of the maturity required of him.

The ideas we are forming in our minds are for the most part a result of our interaction with different people. As we are maturing with individual opinions, so are we growing with recognition to other's concepts.

This mingling of thought which we experience in our organizations, whether it be discussions of various farming methods or different ways of cooking the same food, enables us to formulate our minds in consideration with those who may add to this spectrum of thought.

In this way, another's feeling and attitudes become . . .
a part of our growing.

To be able to create a book that will encompass a year full of memories is the goal of the La Saltianna editorial staff. No one ever said it would be an easy job! No one was ever promised time and a half or double time for the endless hours after school, on the weekends, and in the evenings!

But here it is! We planned it, developed it, and now we present it to you, with the hope that it will give you pleasure now and for many years to come.

The Future Teacher's of America is an organization for students who plan to further their education after graduation. The organization has various projects throughout the year. During the fall and again in the spring, the group visits different colleges. In addition, there are two teaching days when members of the F.T.A. teach one day at the Elementary Schools, and one day at the High School. Also, throughout the year, teachers ask members of the organization to tutor students who are behind or slow. In conclusion, the F.T.A. helps students plan their future careers.

The National Honor Society was established in our school to obtain scholarship, leadership and pride within our school. The members must maintain a 3.2 average to remain in the club. Juniors and Seniors who meet and keep this average are elected on a permanent basis and Sophomores who also have this average are elected on a temporary basis. To be a member of this club is quite a goal to achieve.

The Student Council is an organization of students in the school that gives the students an opportunity to exercise the right of self-government. It also offers to the elected representatives of the student body an opportunity to lead their fellow students. The representatives are chosen from each homeroom and officers are then elected from those chosen representatives. It is hoped that the organization will serve as a representative form of democratic government in our school.

During high school we experience the learning process which enables us to become more knowledgeable in the basic concepts of educational subjects. There exists, however, one course of study which concentrates on enjoyment of the study, and this field, the field of music education, cannot be successful unless there is a pleasure derived from it. Music is an art rather than a subject, and therefore should be entered with the most relaxed, imaginative and sincere thought in mind. As we delve into this form of learning, we accept it in a frame of mind different from that with which we concentrate on regular subjects.

In essence, we experience this type of learning for the purpose of nothing more than the happiness and contentment we derive from it, which, as many dedicated musicians grow to realize, is reason enough.

Just as the mental growth we experience in the classroom is necessary for a successful future, so is proper physical growth essential. To insure this, we have open to us a wide range of athletic events including basketball, football, track and wrestling, Through involvement in these activities, the student not only is conditioning himself physically, but he is also developing his character with the qualities of sportsmanship and social involvement which these athletics help to promote. The student who engages in athletic competition grows into realizing that extensive practice, time, and effort is vital in the search for something worthwhile.

Football

Football is an important part of the educational program because it develops such desirable qualities as physical fitness, coordination, alertness, discipline, and teamwork. The capacity of our football players to face adversity is familiar to all who know the game. This year our team came home from Maryland with a defeat, but gathered its forces and created a record of four shut-outs in a row.

Wrestling

Wrestling provides an opportunity for boys interested in an individual sport. When a wrestler wins he has every reason to be proud. He knows that all the nights of practice and all the weeks of weight watching have finally paid off. He is the victor because he and he alone made the effort, fought the battle, and won.

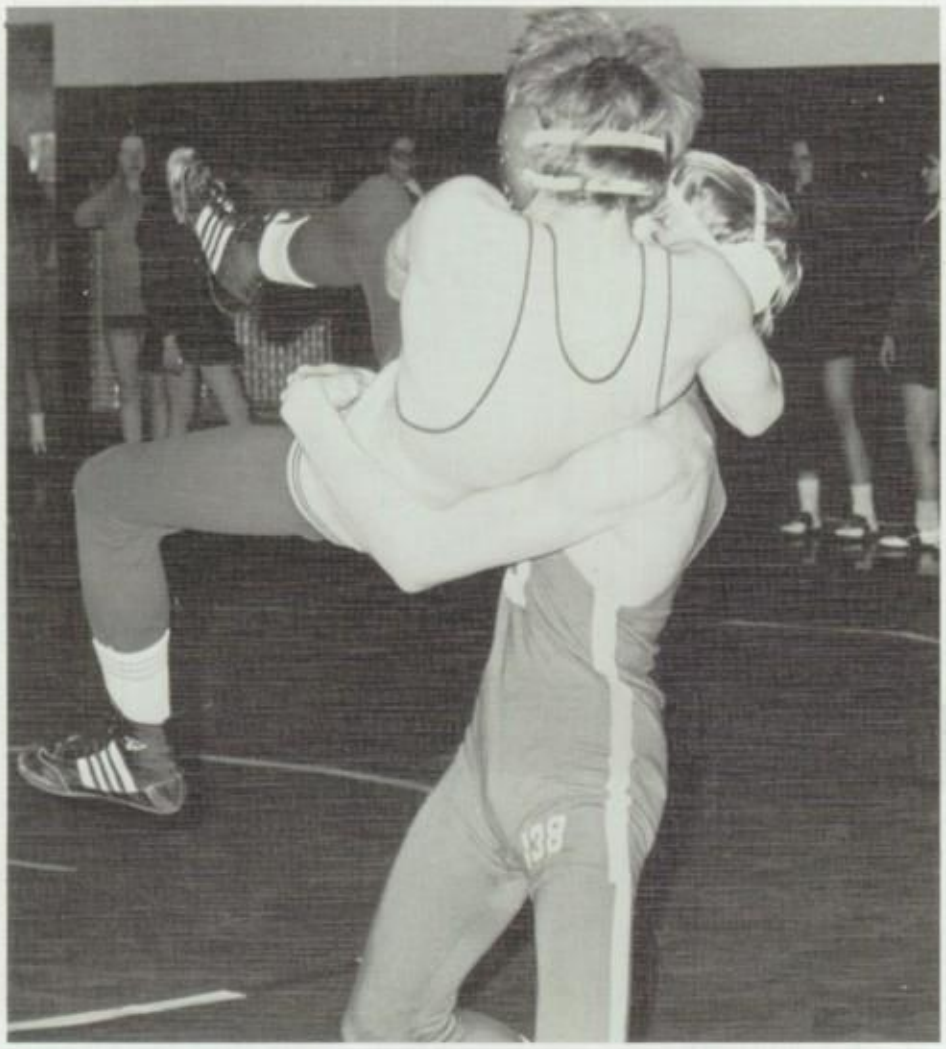
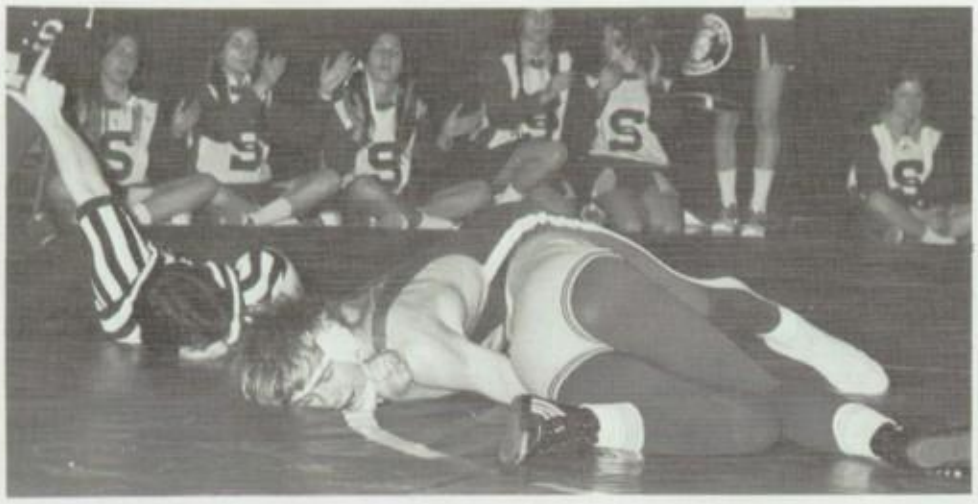
Grappler Power

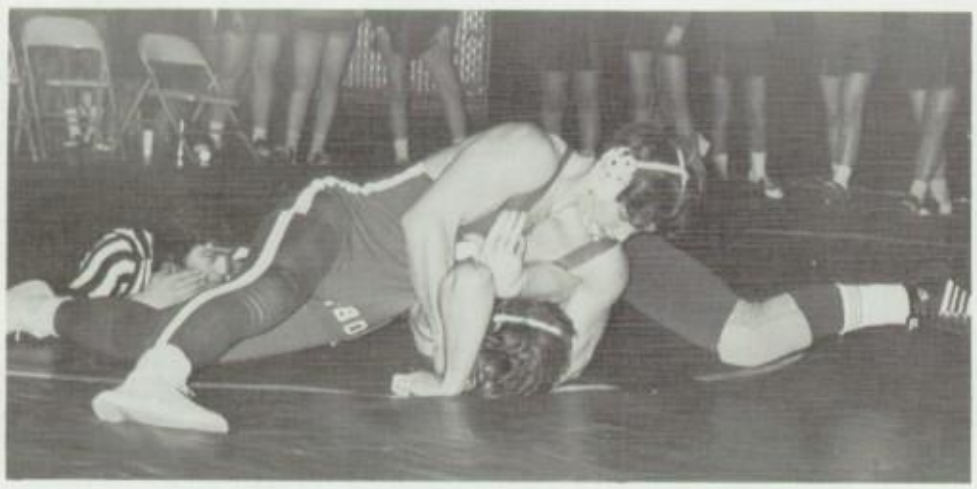


Pick him up, put him down--on his back!

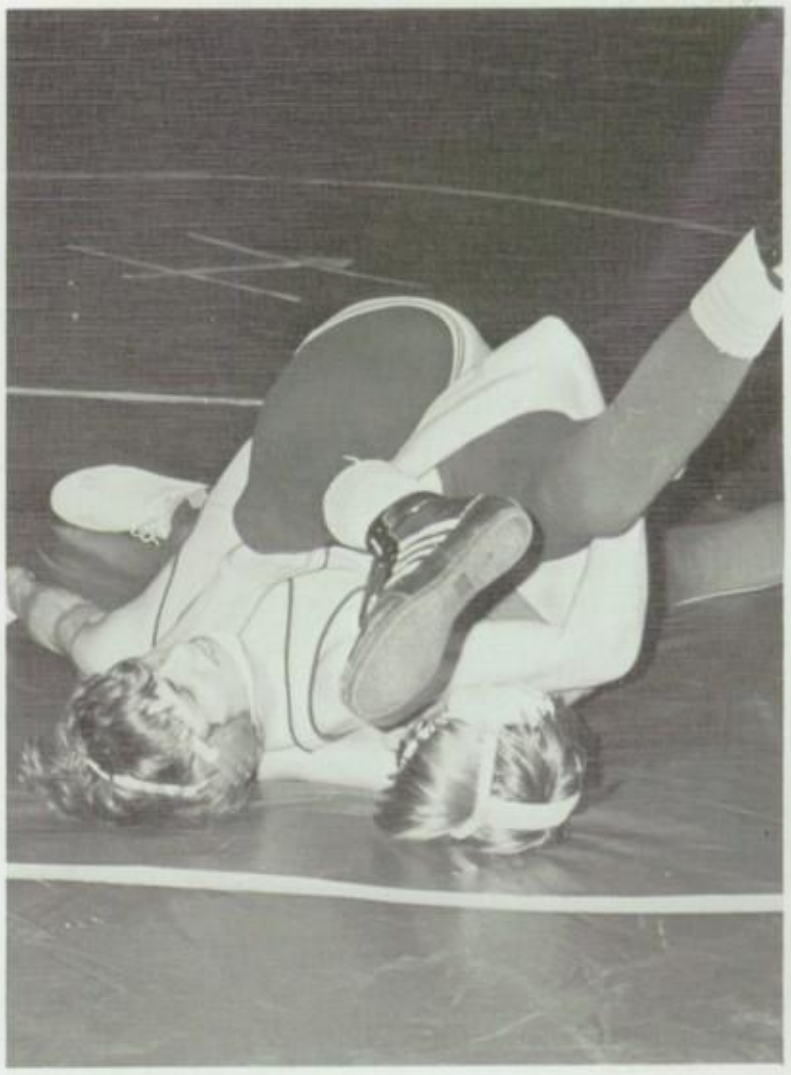
He did it! A happy victory for Allen.



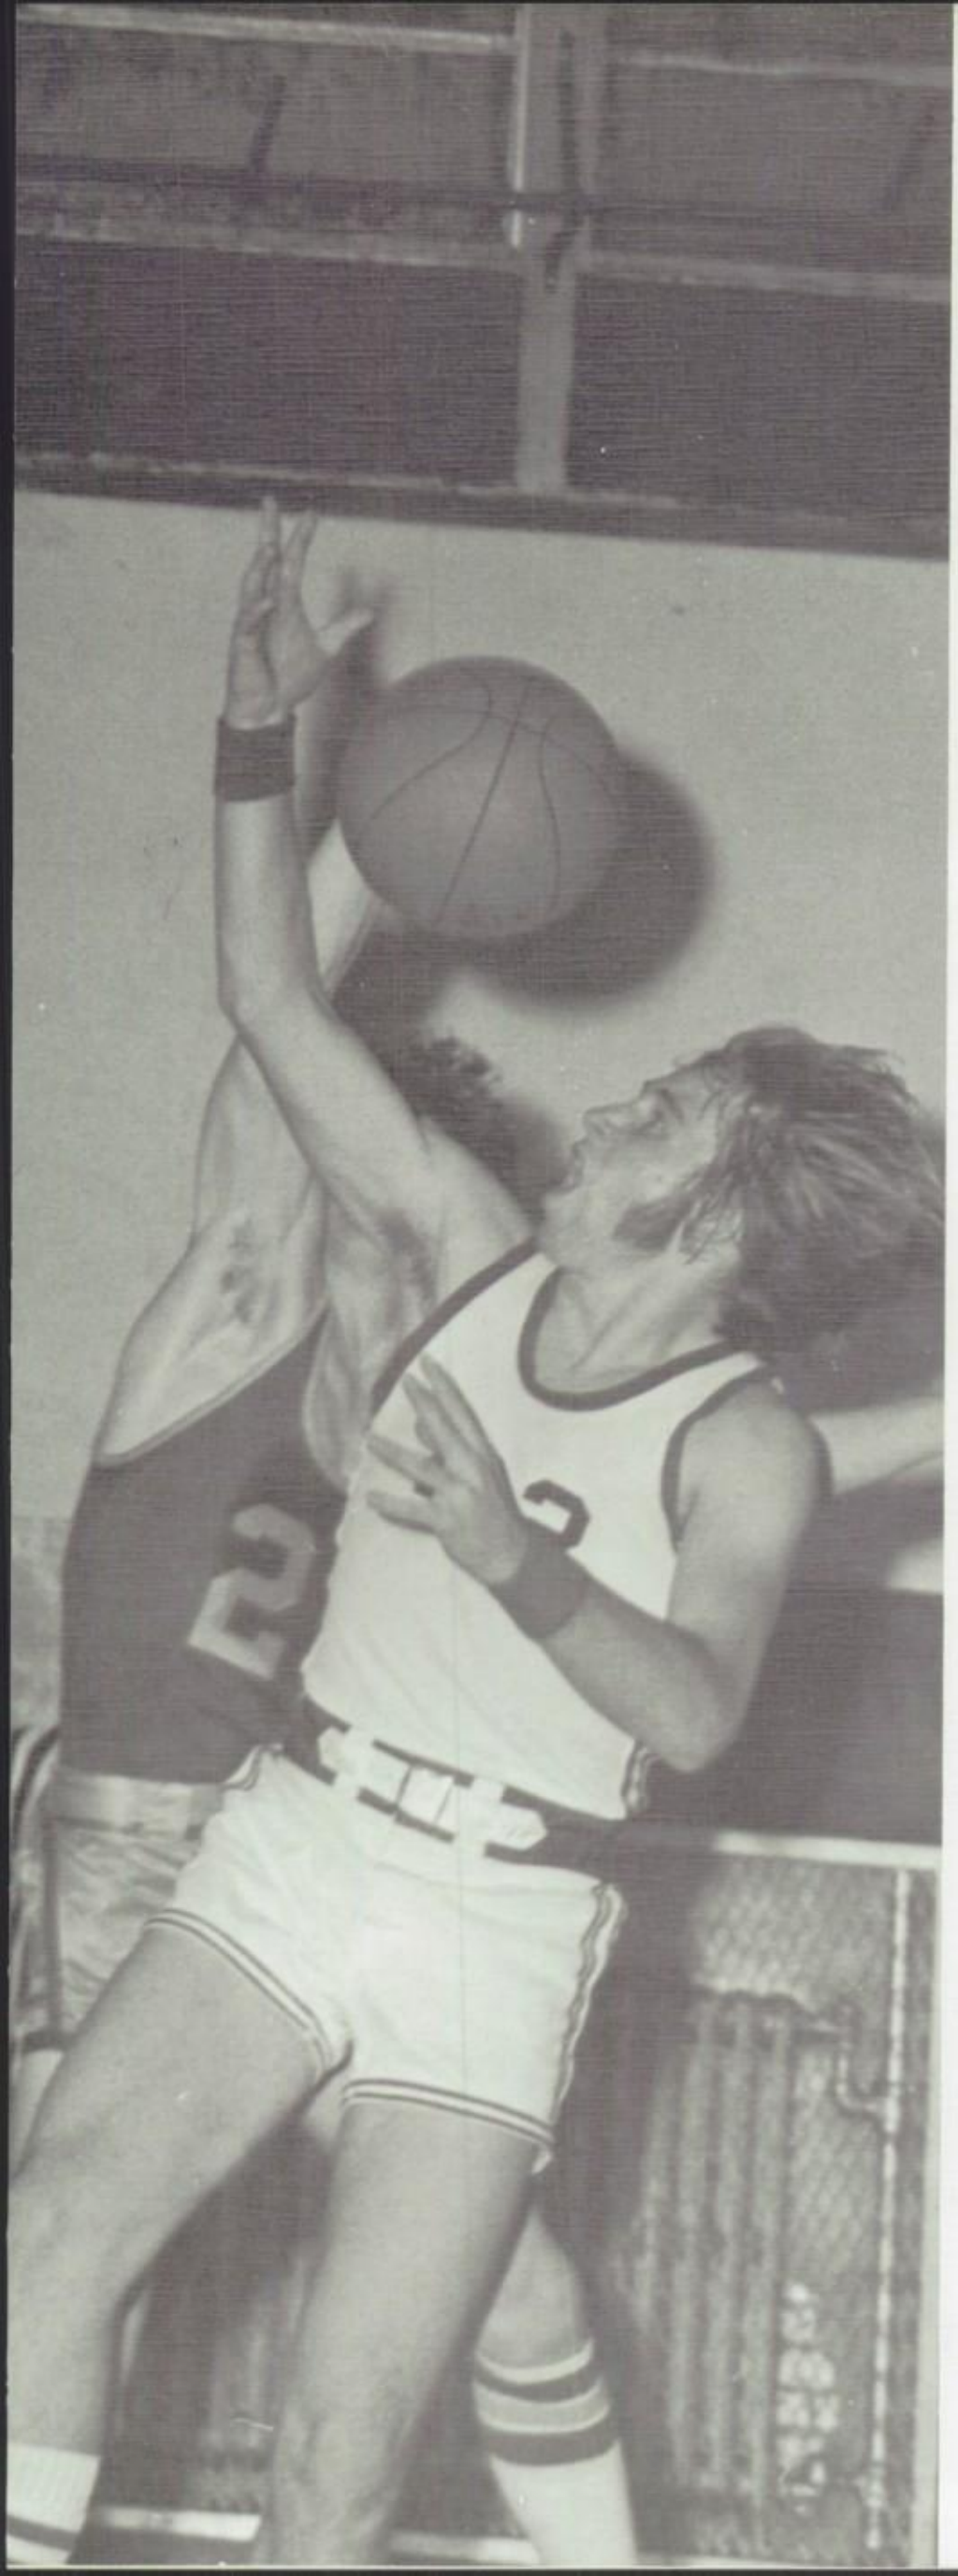
Brady struggles for a pin.



Way to go, Jerry!



Who is going to untie this knot?



Basketball

Basketball is truly a great American game. It was invented by an American, developed to greatness in the United States, and became famous all over the world. More high school boys and girls participate in basketball than in any other high school sport. Basketball is played many times a day at our school; during gym classes, lunchtime intramurals, boys and girls evening games and even after school in the parking lot.

The 1972-73 Girls' Basketball Team is one that can be well pleased with the results of their efforts.

Entering the Indiana County League for the first time gave the team good competition and a real challange. The results were rewarding as both the Varsity and Junior Varsity gained a 7-7 season.

The J.V. highlighted a double win over a towering Apollo Ridge team and the type of excitement produced is shown in the fact that nine of the games were either won or lost by three points or less!

The highlights of the Varsity team were the big wins over Blairsville, Homer Center, and Penns Manor in the second half of the season.

The faculty and administration at Saltsburg High consists of thirty seven men and women. The basic duty of these men and women is to teach us the fundamentals of English, history, music and the numerous other available subjects. Sometimes, however, these people, as our coaches, instill in us the desire to win, or, as advisors help us decide on activities in which our organizations can participate. More importantly, when books are laid aside, these people, as our friends, offer their guidance and assistance.
